### Captures Gray Fox Roaming City's Streets

One chicken dead; one gray fox captured.  
That is the report made by Lester Ingram of 359 West Harvard street. The wild animal is now chained in the yard of the Ingram home awaiting its owner, for it was evident that the fox is a pet.  
But the danger which attaches itself to the fact that a fox is allowed to roam the streets of Glendale, a city of homes, where children play in the streets, makes it apparent that such pets should be dispensed with.

### Ed R. Norton Stays In City Temporarily

Ed R. Norton of Los Angeles is temporarily staying at the home of his parents, Rev. and Mrs. C. R. Norton of 801 East Wilson avenue, this city, during the absence of his wife and children. ### MASQUERADE BALL AT HOMER MILLER'S HOME ON BIRTHDAY

About Twenty Friends Meet to Observe Anniversary and Have a Gay Time

The home of Mr. and Mrs. Homer B. Miller of 434 Burchett street was the gay scene of a happy gathering last night when about twenty friends were assembled in honor of Mrs. Miller's birthday. The delightful and resplendent affair was held in the nature of a masquerade and fancy dress ball, the guests' costumes representing everything from a lowly pickaninny to a vivacious hula-hula girl. The brilliant party was one of color, with all of the various hues of the rainbow blended into bright combinations, artistically and otherwise. The house was cleverly and appropriately decorated in quaint old Egyptian and Persian style, with the soft and fervent glow of a large imitation moon furnishing light for the entire three rooms which were used for dancing. The long shadows which were cast about by this beautiful replica of the famous satellite produced a distinct semi-oriental atmosphere. The excellent decorating and lighting effects were in charge of Mr. Miller.

### Cake Made of Ice-Cream

During the evening the merry-makers were assembled in the spacious dining room, where a large and exceedingly attractive birthday cake, made entirely of various flavored ice-cream, was placed on display. The delicacy had been so cleverly and perfectly made that it was impossible to note that it was made of ice-cream. Its beauty was short-lived, however, as it soon melted—in the mouths of the jolly masqueraders.

Those who helped Mrs. Miller celebrate her anniversary were Mr. and Mrs. Frank Johnson, Mr. and Mrs. Arthur Mendelsohn, Mrs. Stanford Whitaker, Misses Dorothy Linebaugh and Hope Stuart and Laurence Sherman of Los Angeles; Mr. and Mrs. Oscar L. Whitaker of Gardena, and Mrs. J. F. McBryde, Mr. and Mrs. A. N. Kelsey, Misses Lelia Whitehead and Pauline Hooker, Ray Whitehead and H. M. McGillis of Glendale.

Bridge was enjoyed during the afternoon. Mrs. Charles Meadows held members' high score. Mrs. Catherine Euey held guests' high score. Members present were Mrs. Frank George, Mrs. E. E. East, Mrs. F. J. Rogers, Mrs. Harry H. Powers, Jr., Mrs. G. H. Robinson, Mrs. Charles Meadows, Mrs. C. C. Carroll and the hostess Mrs. R. M. Pease. Guests were Miss Bess Howe, Mrs. F. J. Hopkins, Mrs. D. ### Dr. J. A. McNaughton Back From Trip East

Dr. J. A. McNaughton, superintendent physician of the Glendale Research Hospital, returned the first of this week from a two-months' business and pleasure trip throughout most of the eastern states. Dr. McNaughton's trip was mainly taken as a tour of inspection, he having visited and examined the various conditions in many large eastern hospitals.

After seeing some of the largest and best-known infirmaries and sanitariums in the country, Dr. McNaughton claims that he is perfectly satisfied with the conditions in the local institution. Although the Glendale Research hospital has only been in existence a short time, an official report shows that during the first sixty days a total of more than sixty operations were performed. The hospital is gradually being filled to its capacity, its record thus far declared to be ahead of any other in Southern California at this stage of development.

### Today's World News In Brief

(By United Press to Glendale Evening News)

**SPAIN AND JAPAN GIVE OBREGON RULE RECOGNITION**  
MEXICO CITY, July 21.—Spain and Japan have given the Obregon government de jure recognition, according to the foreign office today. It was announced that the foreign office has autograph letters from the two countries which will constitute such recognition.

### FAIL TO YET FIND BASIS FOR FORMAL CONFERENCE

LONDON, July 21.—"The basis for a formal conference has not been found," declared the official government communique issued today after "President" De Valera and Premier Lloyd George had conferred on the Irish situation. The two were closeted for an hour. De Valera will go to Dublin tomorrow morning, it was stated by his colleagues. He will communicate with Lloyd George later.

### COMMISSION RULES PACKERS WITHIN THEIR RIGHTS

WASHINGTON, July 21.—The interstate commerce commission today ruled that the big Chicago packers are within their rights in shipping groceries as well as meat in their own refrigerator cars. The ruling was interpreted as a denial of the complaint of the National Wholesale Grocers' association. The grocers charged that the big packers, through the practice of including groceries in the refrigerator cars, obtained an unfair advantage in the sale and distribution of their products.

### SOVIET RUSSIA SEEKS INVITATION TO CONFERENCE

LONDON, July 21.—Soviet Russia is hopeful that she will be invited to attend the Washington disarmament conference, it was learned here today. Preparations already have been made for dispatching Foreign Minister Tchitcherin and Under Secretary Zinoviev to Washington if the invitation is forthcoming. Russia's hopes are based on two matters. The first is the belief that President Harding's proposal really is an attempt at securing world peace. Russian leaders contend that this is the Russian goal also. The other is that the far east problem is one of the most urgent confronting Russia. Soviet officials hope that such a conference will frustrate Japanese encroachments in the far east republic which they declared has created virtually a state of war between Russia and Japan.

### TWO WIDOWS, TWO FAMILIES, SURVIVE THIS ONE MAN

NEW YORK, July 21.—Two widows and two families today mourned the loss of a husband and father in Arthur Irwin, veteran player, manager and baseball scout. Irwin, told by physicians after an operation that he had only a few days to live, is thought to have committed suicide last week by jumping off a steamer on his way to Boston. Investigation into his disappearance led to the discovery that he had two families, one in New York and the other in Boston. His New York family consisted of a wife and a 24-year-old married son, F. Harold Irwin. The Boston family numbered a wife, a thirty-seven-year-old son, Arthur Herbert Irwin, two daughters and nine grandchildren. Neither wife knew of the other's existence and both maintained that he had been a devoted father and husband.

### EARLY TRADING ON STOCK MARKET HAS SLUGGISH TONE

NEW YORK, July 21.—There was a sluggish tone to the early trading on the stock market today. Lowering of the local federal discount rate did not seem to have any effect on the market and there was little buying in sight at the opening. Republic Steel responded to a poor earnings statement for the second quarter at a loss of  $\frac{3}{8}$  at 44 $\frac{1}{2}$  and later was shaded another  $\frac{3}{8}$  to 44 $\frac{1}{2}$ . Tobaccos were higher. Rails were fractionally higher. Opening prices included: Studebaker 79 $\frac{1}{2}$ , unchanged; Mexican Petroleum 102 $\frac{1}{2}$ , off  $\frac{1}{2}$ ; Asphalt 49 $\frac{1}{2}$ , off  $\frac{1}{2}$ ; American Sugar 67 $\frac{1}{2}$ , off  $\frac{1}{4}$ ; Atlantic Gulf 21 $\frac{1}{4}$ , unchanged; Chandler 49, unchanged; Republic Steel 44 $\frac{1}{2}$ , off  $\frac{3}{8}$ ; Union Pacific 118 $\frac{1}{2}$ , up  $\frac{1}{8}$ ; General Electric 120 $\frac{1}{2}$ , up  $\frac{1}{8}$ ; U. S. Rubber 51 $\frac{3}{8}$ , up  $\frac{1}{2}$ . All the steel stocks were shaded in the first hour's trading because of the Republic company's poor quarterly statement. Republic, however, failed to get below 44, while Bethlehem B sold off only a point.

### 'DEPORTATION' OF JAPS CAUSES OFFICIAL INQUIRY

TURLOCK, Cal., July 21.—Official investigation of the "deportation" of Japanese laborers from Turlock yesterday was in order today. Five "John Doe" warrants calling for the arrest of alleged participants in the "deportation" were brought here by Sheriff Dallas of Stanislaus county. One of the Japanese who claimed to have been driven from the Turlock district, was the complainant. City officials and government authorities were giving the situation attention, in order to be prepared for any official action they may be required to take. Nothing has been heard as yet from the Japanese consulate at San Francisco or from the Japanese embassy at Washington. All was quiet in Turlock last night although the city was tense and until late in the night groups of men gathered on street corners discussing the day's developments. Deputy sheriffs were on guard at many of the larger ranches, where Japanese have been employed.

### BILL BURNS IS PUT THROUGH THIRD DEGREE IN COURT

CHICAGO, July 21.—Bill Burns, alleged baseball plotter, was put through the third degree, but did not falter in his story of fixing the 1919 world series. Attorney Thomas Nash, one of the counsel for the "black Sox" cross-examined Burns when court opened. Early questioning brought out no additional disclosures of the ball scandal other than those already aired. "Don't you know," asked Nash, "that the White Sox players were out at the ball park in Cincinnati practicing the morning of the first game?" "I don't know," Burns answered. "I know I saw them at the hotel in the morning and they agreed to sell out." Burns for the first time broke under cross examination and admitted he did not go to see the ball players in the evening after the first game. He previously testified he had seen them then. Q—When you were in Texas with Ban Johnson was there any talk about you helping get even with Comiskey? A—No. Michael Ahearn, another black Sox attorney, took up the questioning of Burns. He again brought out that Burns saw a suitcase full of money in Attel's room but was only given \$10,000 for the players.

### CALLS CONFERENCE OVER MUNICIPAL POWER PROJECT

City Manager T. W. Watson to Attend Meeting at Pasadena on Friday

A conference of the League of Municipalities in southern California has been called by City Manager Charles E. Hughes, of Long Beach, who is president of that organization, for Friday at Pasadena. It is expected that sixty civic representatives, including those from Los Angeles, will be present at Pasadena to consider hydro-electric development plans in the southwest.

It is expected that the Los Angeles engineers will be present to explain the project in Boulder Canyon, Ariz., on the Colorado river. According to E. N. Scattergood, chief engineer of the public works department of the metropolis, it is Los Angeles' plan to gain the co-operation of the smaller municipalities in gaining a hydro-electric supply to meet the power and light demands of all.

### To Represent Glendale

City Manager T. W. Watson will be present, as ordered by the City Council, to represent Glendale in this matter and he will be interested to learn what will be done for the suburban cities. Pasadena is another city vitally interested in the power problem and has gone so far as to plan the development of its own supply.

Unless some action is taken in reserving for the cities certain dam sites along the Colorado river, it is declared that private interests will have control of all except those which would be impossible to develop from a financial standpoint.

Grant M. Lorraine, secretary of the Southern Section of the Hydro-Electric Committee of the League, has written City Manager Watson, in- (Continued on Page 4.)

### Mr. and Mrs. Morehouse Back From Auto Trip

In their way north they stopped at Fresno, spending a few days with friends in that city. A similar visit was made in Oakland, where Mr. Morehouse is interested in a mustard manufacturing concern.

On their return Mr. and Mrs. Morehouse visited Yosemite, where they enjoyed a week's outing. They report an exceptionally pleasant trip, with thousands of motorists on the highways.

### Mr. and Mrs. McElroy Enjoying Their Trip

Mrs. Natalie L. Hall, who is occupying the McElroy residence at 510 South Adams street, received word yesterday from Mr. and Mrs. W. W. McElroy, who are on a six-months' tour of the country, stating that they were leaving New York City for Boston. They are enjoying their trip very much, although they say the weather is quite sultry and they have not done quite as much sightseeing as they might have had it been cooler.

Mr. and Mrs. McElroy will return to Glendale some time in September. They have already stopped to visit in Florida, Washington, D. C., and many other points of interest.

### DAILY AVERAGE ATTENDANCE IS OVER TWO THOUSAND, BUILDINGS CROWDED, NINE NEW TEACHERS

Annual Statement Of Conditions Issued To Board Of Trustees By Richardson D. White, Giving Number Of Interesting Statistics

OVERCROWDED conditions in the city schools due to a phenomenal increase in attendance—a daily average of 2182; the employment of nine additional teachers; and the reduction of administrative costs to a minimum feature the annual report made by Richardson D. White, Glendale city school district superintendent, to the board of trustees.

Among interesting facts noted in the very complete statistical report accompanying a general statement of conditions regarding the school system it is learned that there were 1251 boys and 1193 girls enrolled during the past year making a total enrollment of 2444. Usually girls exceed boys in number but due to the compulsory education laws all of the youths are in school now.

Believing that the carefully prepared report as submitted will be of value to the board and the people of the city as well in dealing with the future problems Mr. White, in addition to expressing appreciation to members of the board, principals and teachers, states:

"During the year Glendale has maintained ten schools employing seventy-eight principals and teachers and nine janitors. We also have maintained seven kindergartens employing eight teachers.

"The Wilson avenue (Intermediate) school has had only the seventh and eighth grades.

"The Cerritos avenue school has had all grades from the first to the eighth, inclusive, and has maintained a kindergarten.

"The Broadway and Columbus avenue schools have had all grades from the first to the sixth, inclusive, and ungraded rooms. They also have maintained kindergartens.

### System Reduces Cost

"The Colorado boulevard, Pacific avenue and Central avenue schools have had the first six grades and a kindergarten.

"The Doran street school has had grades one to four, inclusive, a combined fifth and sixth grade room and a kindergarten.

"The Acacia avenue school has had grades one to three, inclusive.

"The Magnolia avenue school has had grades one and two.

"The administrative work of these schools has been conducted by the superintendent and the ten principals. In addition there is a vice-principal of the intermediate school. The principals of all schools, except the intermediate, in addition to performing all of their administrative duties, have taught full time.

"This system has reduced the cost of administration to a minimum.

"The outstanding feature of the school year has been the large increase in attendance necessitating the employment of nine more teachers than were employed the previous year and resulting in crowded conditions everywhere.

"It is now too late to adequately relieve this situation for the coming year, but some definite action should be taken as soon as possible looking toward a bond election."

It might be stated that just prior to the charter election, a bond issue was proposed and the board went so (Continued on Page 7)

### Mrs. Louise Stocker California Booster

Stewart of 346 West Doran street has received word from her mother, Mrs. Louise Stocker of the C. & S. cafeteria on North Brand boulevard and who is enjoying a ten-weeks' visit with relatives and friends in St. Joseph and Kansas City, Missouri; Denver, Colo.; Cheyenne, Wyo.; Salt Lake City and San Francisco.

Proving that Mrs. Stocker is indeed a booster for California, in a letter to her daughter she stated that she would not trade a shack in California for a mansion in the east. She also stated in her letter that the weather was very warm.

### GIRL BADLY CUT ON WRIST WHILE PREPARING CAKES

Miss Bernie Morehouse Has Serious Injury and Is Under Doctor's Care

Miss Bernie Morehouse of 1000 East Lomita avenue was the victim last week of one of the most peculiar accidents on record when she painfully cut several arteries and veins in her wrist with an ordinary teacup. Miss Morehouse, who prides herself on her ability to make and bake cookies, had prepared the dough for making a dozen of her favorite dainties, but was unable to find her "cookie cutter." Selecting a very thin china cup from the buffet, she proceeded to substitute it for the metal cutter.

### Several Stitches Required

In cutting the first cake the cup broke into a number of pieces, one of which lacerated Miss Morehouse's wrist in several places.

At first it was thought that the injury was only a surface wound, but when the blood had flowed for an hour a doctor was immediately summoned.

Examination showed that one of the veins of the forearm had been entirely severed and several stitches had to be taken.

The injured member is now in a sling, although Miss Morehouse expects to regain the use of her hand in the near future.

### Mrs. Howard L. Brown Is Hostess to Club

Mr. and Mrs. J. R. Mitchell of South  
Verdugo road. The three families  
were formerly neighbors when they  
lived in Sheldon, Ia.

M. H. Finn of 118 East Broadway  
has received a telegram from his  
brother-in-law and sister, Mr. and  
Mrs. John McDonald of Chicago,  
stating that they left that city yes-  
terday for California on a visit with  
him. They will probably make their  
permanent home in Glendale.

Mr. and Mrs. J. R. Maxwell of 202  
West Park avenue celebrated the  
thirty-third anniversary of their ar-  
rival in Glendale on July 18. Be-  
cause of the heat they did not cele-  
brate very actively, but spent a quiet  
evening recalling old days, old  
friends and the many happy mem-  
ories they have of their life in this  
city.

Mr. and Mrs. C. F. Parker of 221  
North Central avenue entertained as  
their guests Tuesday Mr. and Mrs.  
Fred Horne of Hollywood, and Mrs.  
Horne's aunt, Mrs. Martha Brubury  
of Indianola, Iowa. Mrs. Brubury  
came to California to attend the wed-  
ding at Long Beach of her niece, Miss  
Louise Spaulding, formerly of Glen-  
dale.

Miss Mabel Gilbert of 211 North  
Louise street has been enjoying a  
two weeks' vacation. Last week she  
was at Camp Baldy and is spending  
this week at Hanford visiting her  
brother, Fred H. Gilbert, and writes  
that she is drinking lots of fresh milk  
and enjoying the life on his ranch.  
She will return to Glendale Satur-  
day.

Rex C. Kelley of 1109 North  
Louise street, local Y. M. C. A. sec-  
retary, left today for Atascadero,  
where he will attend the Y. M. C. A.  
summer school for a month, which  
is for Y. M. C. A. members of Cali-  
fornia, Nevada, New Mexico and  
Arizona. During his absence Mrs.  
Kelley and son, Richard, will enjoy  
a vacation at Catalina Island.

Mrs. J. E. O'Connor, Jr., recently  
of Glendale, who has been living in  
Detroit, Michigan, arrived this week  
for an extended visit with her  
parents, Mr. and Mrs. H. F. Rand of 411  
North Central avenue. Mrs. O'Con-  
nor brought her year-old daughter,  
Norma Geraldine, and says the trip  
west was extremely uncomfortable.  
Wednesday evening Mrs. Rand and  
her daughter were dinner guests at  
the home of Mrs. Jesse Davis, 110  
South Kenwood street.

## Locals And Personals

Mrs. David Reed of 331 West  
Myrtle street was operated on yes-  
terday at the Glendale Sanitarium  
and Hospital for what at first was  
thought to be a tumor, but what  
proved to be an abscess. She is get-  
ting along nicely.

Mrs. Clyde Monroe Crist, wife of  
the pastor of the First Methodist  
church is enjoying a vacation at  
Little Bear Lake. Dr. Crist expects  
to leave about August 1 for a few  
weeks' well-earned rest, accompanied  
by his son, Kenneth.

Rev. A. B. Smart of 110 Olive  
street, who underwent a serious op-  
eration at the Glendale Sanitarium  
last week, is much improved and con-  
sidered almost out of danger. If he  
continues to do so well he will be  
able to leave the hospital in about  
two weeks.

Mr. and Mrs. V. R. Perkins and  
family have just arrived in Glendale  
by automobile from Champagne, Ill.,  
and have taken a furnished bunga-  
low at 917 East Elk avenue. They  
contemplate locating in Glendale  
permanently. Mrs. Perkins is a sis-  
ter of Mrs. T. C. Hughey, who has  
recently moved to 409 West Lomita  
avenue from Hollywood.

Mrs. H. L. Bullinger of 205 North  
Central avenue was hostess recently  
to the members of the Pioneer Sew-  
ing club. Needlework occupied part  
of the afternoon. Refreshments  
were served. The guests included  
Mrs. J. W. Andree, Mrs. Vinton of  
Los Angeles, Mrs. A. Chappell, Mrs.  
R. E. Frey, Mrs. S. Frazee, Mrs. C.  
Van Dyke and Mrs. M. Grigg.

The piano pupils of Mrs. Alice  
Setright were her guests at La Ra-  
mada Wednesday. After gathering  
round the tables there and having  
a review of their work in scales and  
harmony, they played games and  
spent a delightful afternoon. Those  
present were James and Billy  
Rhodes, Rita and Ethel Johnson,  
Martha Lee Martine, Norma Paul-  
kner, Marie Johnson, Helen Orr, Ellen  
and Dorothy Adenaur, Margaret  
Brown, Elaine Horning, Frances  
Kulp and Mrs. Setright.

Mrs. Calkins of 319 West Wind-  
sor road is expecting her two cousins,  
Mrs. Clark and Miss Graham, to  
come to Glendale as soon as they are  
able. They would have been here by  
this time had not Mrs. Clark suf-  
fered a sprained ankle and hip, from  
a recent fall. These ladies visited  
Glendale two years ago and liked it,  
but scarcely realized that they  
couldn't be happy elsewhere, while  
it was possible for them to return.  
They went from here to St. Louis,  
and from there to Virginia, but Glen-  
dale kept calling them and now,  
when they return, it will be to make  
their permanent home here.

## GLEN EYRIE SOCIAL CLUB MEMBERS ENTERTAINED

Mrs. G. N. Ball Is Hostess  
With Luncheon; Musical  
Program Is Pleasing

A very interesting Eastern Star  
social event took place yesterday  
when the members of the Glen Eyrie  
Social club were luncheon guests at  
the home of Mrs. G. N. Ball, 516  
North Central avenue. Mrs. Ball  
was assisted as hostess by Mrs. T. D.  
Watson, Mrs. M. B. Dewar and Mrs.  
Edward Kretchner.

The guests included Mesdames  
Deal, Denny, Phillips, Patch, Fife,  
Beckett, Clark, Calkins, Braden,  
Kulp, Burke, Woodbury, Vesper,

bern, Plume, McMillan, Squire,  
Echols, Custer, McPherson, Ever-  
son, Rattray, Searles, Hyland, Sim-  
mons, E. J. Vesper of Chicago and  
Miss Dorothy Watson.

Very clever posters done in the  
colors of the star points and bearing  
such admonitions as "Kumrite Inn,"  
"Makehaste," "Thisway," "Beuncon-  
ventional," "Feelathome," "Don't get  
lost," "Thesameoldstuff," "Bea-  
mixer," etc., greeted the guests upon  
entering and marked the way  
through the various rooms to the  
different tables, each decorated with  
colors of the star points, where  
luncheon courses were served cafe-  
teria style.

### Musical Numbers Enjoyed

During the afternoon piano solos  
by Mrs. Ball and Mrs. A. H. Dibbern  
were very much enjoyed, as were  
also vocal solos by Mrs. Custer, and  
violin solos by Miss Dorothy Watson.

Plans were also made for the  
August meeting, which will be in  
the form of a picnic at Echo Park,  
to which members of the Eastern  
Star and their families are invited.  
Although some of the social and  
fraternal organizations of Glendale  
have suspended their work for the  
summer, the members and officers  
of Glen Eyrie chapter, O. E. S., have  
been kept rather busy attending the  
various affairs given by the differ-  
ent chapters in the county.

### To Attend Chinese Party

Mrs. Orma V. Naudain, worthy  
matron of Glen Eyrie chapter; W.

## Henry M. Kuhn Home From His Trip East

Henry M. Kuhn, associated with  
Mr. Cizek in the conduct of the Wil-  
lard Battery Service station at South  
Brand and Colorado, is back in Glen-  
dale after a trip throughout the east.  
Mr. Kuhn witnessed the Dempsey-  
Carpentier boxing exhibition at Jer-  
sey City, July 2. Mr. Kuhn holds  
with others that Dempsey at present  
has a perfect right to the title—and  
a beautiful left for coming contend-  
ers.

While in the east Mr. Kuhn visited  
his mother in Detroit. He says  
things are humming in the Auto City  
and that business with the Willard  
company at Cleveland was never be-  
fore so highly developed. The Wil-  
lard dealers of California are to hold  
their annual convention in Los An-  
geles July 26 and Messrs. Kuhn and  
Cizek will both be participants in the  
festivities.

## CALLS CONFERENCE OVER MUNICIPAL POWER PROJECT

City Manager T. W. Watson to Attend Meeting at Pasadena on Friday

(Continued From Page 1.)  
forming him that Friday's meeting will be held in the Pasadena Chamber of Commerce rooms, beginning at 2 o'clock. In his letter he says: "Recent activities of privately-operated utilities, political and otherwise, make it imperative that the municipalities of the state pull together. If this is not done, constant alertness of private interests will preclude for all time the possibilities of municipalities becoming interested in the development of hydro-electric energy."

"W. B. Matthews, special counsel, and E. F. Scattergood, chief electrical engineer of the department of public service of Los Angeles, have been requested to and will be present and define the attitude of Los Angeles city toward the other communities of southern California in re hydro-electric matters and they will answer specific charges relating thereto and now being made through the public press."

"Many of the municipalities who have signified their wish to enter into agreements for the purpose of developing hydro-electric energy desire also to obtain and discuss the latest information as to the possibilities of hydro-electric power for southern California cities and counties."

"It is understood that Governor Stephens is very much interested in this matter and he has been invited and is expected to attend."

## OLD DAME NATURE SHEDS HOT TEARS ON SOUTHLAND

Second Time Rain Happens In Month of July In Past Thirty Years

Old Dame Nature shed a few hot tears yesterday afternoon. Jupiter Pluvius, in the role of an undertaker and overcaster, had Old Sol buried and the situation was quite sultry.

It was 3 o'clock in the afternoon when a few splashes and several splatters crystallized the moisture and made life more bearable the balance of the day.

According to old-timers who have resided here for fifty years it has rained but once before in that period during the month of July. That was in 1910 when a decided downpour "played hob" with the hay crop and half-finished houses.

It is said that when the weather gets sultry here like it was yesterday, there is rain on the desert. In other words the desert has been cooled and the hot air which usually rises and draws in the sea breeze is absent.

Without the sea-breeze the southland suffers. But only occasionally.

**All Over Southland**  
Santa Ana reported intermittent showers, perhaps .10 of an inch. San Fernando felt a trace and there were heavier rains on the Mojave desert this side of the mountains. San Bernardino had a sprinkle, preceded by hot, disagreeable weather. Ontario was visited by showers. During the morning La Habra reported little showers, not exceeding .02 of an inch.

In Bear Valley at Forest Home and other mountain regions showers were prevalent all day. Redlands had a sprinkle of rain Tuesday night, but only cloudy weather yesterday. Sprinkles were also reported at the harbor district. Whittier reported only slippery pavements, caused by the freak shower. In addition to showers Santa Barbara was visited by thunder. The light showers first visited Pasadena at 2 p. m. and continued for an hour, registering .02 of an inch. As the weather records date from July 1, it was recorded as the first rainfall of the season.

**MOTORS TO VENTURA**  
J. E. Wimmer of 312 North Orange street motored to Ventura yesterday on a hurried business trip. He returned to Glendale last evening.

**VISIT AT SANTA MONICA**  
Mrs. H. L. Brown and her daughter of 1037 San Rafael avenue spent Sunday at Santa Monica and motored home through the beautiful Topanga canyon.

**ATTACK OF LA GRIPPE**  
Miss Evelyn Williams of 454 Stocker street is confined to her home with a severe attack of la grippe.

## Lose Fortune? Finder Wants to Give One to Its Rightful Owner

Who lost a small fortune? In the classified columns of The Glendale Evening News today a local man is advertising that he found a package of stocks and bonds.

While it would not be policy to state how much was in the packet, it runs into four figures provided, of course, that the securities are worth their face value.

It is believed that they were lost by some local investor and anyone interested should communicate with postoffice box No. 105, Glendale.

## H. S. Webb & Co. to Hold First Sale

An announcement which will be of considerable interest to all the women of Glendale, for who among their number could possibly resist the temptation of such wonderful values, as well as the men, is that of Webb's first sale, which starts Friday, July 22, and closes July 31. As value-giving has been the daily practice of that store since its opening four years ago, it is anticipated that this event will throng the store with buyers, especially when they learn of the splendid offerings made during this sale.

This sale is prompted by a desire on the part of H. S. Webb & Co. to show appreciation to the people of Glendale for the support which has been given the store since its establishment.

H. S. Webb & Co. have an entirely separate store for men and wonderful values will also, it is stated, be offered in this store to the men of the city. The men's store always carries the better class of merchandise and so when quality goods are offered at this sale it is safe to say that the men of Glendale will be deeply interested and go and view the large assortment.

Extra clerks will be on hand to insure prompt and courteous attention to all visitors. In order that no one need restrict buying free deliveries will be another feature of the sale. The rule of "no refunds" and "no exchanges" will be adopted during the sale, owing to the extremely low prices and the fact that the sales force will be taxed to the limit.

A few of the many bargains to be offered the public are mentioned in another section of today's paper. The window display of some of the articles to be offered is also attracting considerable attention. The sale includes ready-to-wear garments, pillow cases, blankets, spreads, curtain goods, gingham, voile and other yard goods, towels, underwear, hosiery, neckties, and many other items.

## Hot Weather Doesn't Halt Realty Business

The present hot weather spell does not seem to deter home buyers from coming to Glendale, according to W. B. Kelly of Kelly & Van Arsdol Real Estate company. The sales made by this firm are facts that bear out this statement.

Miss Elizabeth Graves, who purchased a residence through Kelly & Van Arsdol several days ago, has moved into her new home on East Lomita avenue and is already adding another room to the present building.

J. F. Watson, a retail shoe dealer, of Los Angeles, has just moved into his new home on West Harvard street, and is already one of Glendale's foremost boosters.

Another residence on West Harvard street has been purchased by Eli F. Peckurn, who is connected with the Moreland Truck company in Los Angeles. He and his family will occupy their new home in a few days.

Among the recent lot purchasers in this city is R. C. Crosby, formerly of Ontario. Mr. Crosby has obtained a beautiful residence site on Pioneer drive, where he plans to immediately begin the construction of a five-room colonial bungalow.

The already large musical colony of Glendale is soon to be increased by the appearance of B. E. Ralph, famous composer and pipe organist of Nova Scotia. Mr. Ralph has recently purchased a house here and expects to make this his permanent home.

## Tujungua Wash Dumping Spot for L. A. Refuse?

Citizens of Duarte, Arcadia, Covina and neighboring communities are protesting the establishment of garbage fed hog ranches in their vicinity. It is planned to take Los Angeles' junk to several hundred acres and let the hogs wallow in it. But in their protest the kind citizens of these communities suggest dumping it in the Tujungua wash. Burbank, Tujungua, Glendale and San Fernando people have olfactory nerves, too. It might be well for Los Angeles to look for some more secreted place.

**GUESTS OVER SUNDAY**  
Mrs. C. A. Bunting of 1325 North Brand boulevard had as her guests Sunday her daughter, Miss Vivian Mahan, her niece, Miss Ruby Bunting, Ben Hughes and Roy Bridwell.

## BILLY BURKE STAR IN PALACE GRAND SCREEN STORY

Noted Actress Takes Lead In Clyde Fitch Play, Now Being Shown

Sister love, devotion and sacrifice of the highest quality is the theme of "The Frisky Mrs. Johnson," the Clyde Fitch play, which has been picture-turized by Paramount for Billie Burke and which will be shown at the Palace Grand theatre today only. Miss Burke has the role of Belle Johnson, a lively American widow, who risks her reputation and the loss of love of the man she loves, to save her sister from a scandalous situation.

This is quite a departure from the comedy roles Miss Burke has in the past enacted with so much charm, for as Mrs. Johnson she strikes a deeper note and often attains to intense drama. The story is laid in Paris during the carnival season and a brilliant setting has been provided for the production. Ward Crane is the leading man, and others in the cast include the old favorites, Huntly Gordon and Lumsden Hare.

### Lee Children in Comedy

Jane and Katherine Lee, those two teasing tots, are also on the program in a lively comedy called "Circus Imps." Everybody likes children and these two are especially likeable. Late news views add to the completeness of the cinema entertainment. Tomorrow Wallace Reid is featured in "Too Much Speed."

## A. Gelmor Is Again In Charge of Store

A. Gelmor, Glendale tailor, is back at his shop on South Brand boulevard after a deluge of adversity which would engulf the average individual. Three weeks ago Mr. Gelmor was the innocent victim of an automobile accident which nearly resulted in the loss of his life. His automobile was smashed, almost beyond repair.

While still under the care of a physician and confined to the hospital, Mr. Gelmor was informed of the looting of his store with a consequent loss of several thousand dollars in merchandise. Although stunned by the disaster, Mr. Gelmor has wasted no time in lamentations but with characteristic energy has set himself to amend conditions by hard work.

From this time forth, Mr. Gelmor states he will give exceptional prices and service to both old and new customers, in both fine tailoring and in the most efficient cleaning and dyeing of clothes for particular people.

## Mrs. A. R. Gilchrist Is Hostess to Club

The Good Words club met yesterday at the home of Mrs. A. R. Gilchrist, 230 West Colorado street, with the president, Helen Page, presiding. There were twenty-two members present and several visitors. Different happenings of the week were discussed.

A motion was made regarding finding homes for stray cats or dogs which might be found by members. Another motion was made that the matter of having troughs throughout the city filled with water so that the horses may have something to drink be taken up with police officials.

Mrs. Gilchrist was pleasantly surprised by the young people yesterday, being the recipient of a beautiful flower shower.

The members of the club are planning to meet at the home of Mrs. Gilchrist tomorrow afternoon and will go to the Children's hospital. Automobiles will be provided to take the children.

The next meeting of the club will be held Monday, July 25, at the home of Mrs. Gilchrist.

## FRUIT BROKER FROM ENGLAND TO OPEN OFFICES HERE

Returning to Europe to Fix Details; Glendale Chosen as Future Residence

Mr. and Mrs. Jose Fernando Mesado, who have been visiting at the home of Mr. and Mrs. A. T. Dobson, 809 Melrose avenue, Casa Verdugo, are leaving Glendale this evening for their home in Wallasey, England, by the way of San Francisco, Chicago and Montreal.

Mr. Mesado is a fruit broker with offices in Barcelona and Valencia, Spain, and Liverpool, England. He has been in southern California sizing up the fruit situation with the idea of establishing a branch of his extensive continental business in this citrus-producing section of the universe.

Plan to Return Here  
Both he and his wife expressed themselves as being so enamored with this district that as soon as Mr. Mesado's business affairs can be put into shape they will return here and personally open up Los Angeles offices. They expect to bring Mr. and Mrs. Gale-Vign, Mrs. Mesado's parents, with them from England.

The visitors expressed themselves as particularly well pleased with Glendale as a home city and it is their intention to establish their residence here upon returning to the garden spot of the world.

Mr. Mesado has built up his business in a very few years, having been in the Spanish army at the outbreak of the world war. He is widely traveled, but declares there is nothing in the old world that can compare to the climate and commercial possibilities found right here.

A one-hundred-thousand-dollar exchange building in Wichita, Kansas, is threatened with destruction by hordes of ants, driving upward from the earth through mud tubes. Oak lumber stored under the building has been practically consumed and the ants have tunneled as far as the second floor following pipe lines. Fly paper placed in the path of the ants was bridged with dirt by the insects.

## William Phelon Now In Bicycle Club and Making Fine Showing

Grown-ups might do well to take a lesson from the youngsters, especially during this warm weather, for despite the rise of the mercury in thermometers throughout this vicinity, the members of The Glendale Evening News Bicycle Subscription Club are putting forth increased efforts to secure for themselves the classy Harley-Davidson \$65 bicycle.

One of the late entrants, who has shown considerable speed in turning in subscriptions is William Phelon, son of W. R. Phelon, district manager of the Southern California Gas company, who is setting a pace that will give him his bicycle in fifteen days.

Dick Ahrens and John Diederich continue to hold their lead as the best hustlers. Harold Eckerbarger, Dana Furbeck, Delvin Mitchell and Spencer Van Wie are also making a record that will secure them bicycles in the near future.

Remember that there is not one bicycle to one boy, but a bicycle to EVERY boy or girl who succeeds in getting the required number of subscriptions.

Any youngster of Glendale is eligible to become a member of this club and by securing twenty new yearly subscriptions or the equivalent may become the envy owner of a dandy "bike."

New entrants may find out all particulars by coming to the office of The Glendale Evening News, 139 South Brand boulevard, and asking for A. T. Blanford, manager of The Glendale Evening News Bicycle Subscription Club.

## College Professor Is Out of Style, Claimed

BERKELEY—The ruminative college professor, absorbed in the abstract and archaic, is himself obsolete. He has gone out of style, or in his own words, he's an anachronism. That is, if the lectures at the University of California summer session are any criterion.

You thought they were still conning Plato and Aristotle, didn't you? You had an idea they were mulling over the fourth dimension and the Einstein theory. Well, you're way off. Listen to what the college profs are telling their classes:

Professor M. L. Knight of the economics department delivered a lecture on "Hard Liquor." He outlined the important place that alcoholic beverages have occupied in foreign trade, declaring that the Massachusetts bay colony ship carried ten times as much liquor as water.

Here is the text of one of Prof. Eric Allen's journalism lectures. "There are some people from whom one instinctively recoils. Deformity of body is tolerable, but who can be friendly with a person of depraved taste—a person who would brazenly eat ice-cream and cantaloupe together?"

"It takes a darn good scout to be a foreman," Dr. Charles Prosser tells his class in vocational training. He says the foreman used to be the "top sergeant of industry" and that it is difficult for him to establish personal relations with the men.

Thinking, according to Professor Madison Bentley, is practically extinct. He told his classes that for the most part humanity finds instinctive and impulsive action satisfactory in deciding all individual problems.

Listening to such lectures the student is guaranteed not to get musty, and though he may not be able to say the Edison catechism when he gets through, he will know a lot about Volstead and cantaloupes.

**TRAINS FOR TITLE BATTLE**  
NEW YORK, July 21.—Miss Mary K. With Mrs. May Sutton Bundy, who is expected to be here next week, she is expected to give the greatest opposition to Mlle. Suzanne Lenglen, the world's champion.

**MAY MANUFACTURE BEER**  
WASHINGTON, July 21.—Unless congress takes action within a few days on the bill to prohibit use of beer as medicine, regulations governing the manufacture and use of beer as such will be issued and put into effect, David H. Blair, commissioner of internal revenue said today.

## "Distant Fields"

There was an editorial in the Saturday Evening Post not long ago under the above title. It attracted widespread attention and offered sound financial advice.

"Distant Fields," said the editorial, "often look greenest, but that is because we cannot see them closely. It is a curious trait of human nature that there is more romance and glory attached to far away things."

## HEALTH SURVEY OF SECOND GROUP OF GLENDALE BEING UNDERTAKEN

E. L. Settles, Now Student at Harvard Medical College, Is Conducting Work

Glendale is soon to have on its files the complete record of the sanitary and hygienic conditions of the entire city. The task of making the sanitary survey, as it is called, is being undertaken by E. L. Settles of 212 Dayton court.

Mr. Settles is a student at the Harvard medical college at Cambridge, Mass., next year being his last in that institution. Milton J. Roseman, who is recognized as an authority on the subject "Public Health and Hygiene," is head of that department at the Crimian university and part of his requirements is that each medical student must, before graduation, make a sanitary survey of a city with a population of more than 15,000. As Mr. Settles claims Glendale as his home he has chosen it as the city for his survey.

### Take Weeks of Work

The actual work on preparing the report was begun last week, although it probably will not be completed until the middle of August. This time will be necessary due to the fact that a similar inspection has never been conducted in this city. Naturally, this will make Mr. Settles' task a more difficult one, as there are no statistics or records of any kind for comparison, he says.

The survey, the outline of which is complete to the minutest detail, includes the history, geography, water supply, milk sanitation, sewage disposal, building conditions and various other phases pertaining directly or indirectly to the city's general hygienic welfare.

Of the numerous aspects mentioned particular stress will be placed upon the subjects of milk sanitation, sewage disposal, water supply and general sanitation.

The reason given by the Harvard instructor for the requirement of the so-called sanitary survey is that each graduate shall be prepared to take over the position of health officer, should the opportunity ever present itself. Most cities of any appreciable size require the city health officer to take such surveys at regular intervals, Mr. Settles states.

## Searching for Lost Mine of Lost River

EDMONTON, Alberta—An expedition was being organized here today to search for the "lost gold mine" of Lost River.

The "lost mine" has long been one of the romantic traditions of the North and is believed to be fabulously rich. Apparently there have been only two men who knew how to find it. The one, a wandering Indian from the Mackenzie River district, came into Fort St. John's with a gold nugget as big as a walnut and though he could not talk any dialect, understood by local Whites or Indians, he indicated by signs that he had found the lump in the dry bed of a stream to the northwest.

The other was a white trapper who returned from period trips into the wilderness with a quantity of coarse gold. Each time he spent his treasure lavishly and then disappeared again, outwitting the efforts of trackers who tried to trail him to the source of his wealth. He was found frozen to death on the trail one day and took his secret to the grave.

The expedition now being organized will proceed on the assumption that the mine is in the bed of a dry river, known as the Lost River, because it no longer contains water except after heavy rains, and the river bed will be prospected thoroughly.

## Public Defender to Be of Benefit, Is Belief

SAN FRANCISCO—Every man is entitled to "aid and advice of counsel" in a law court, so that he has no complaint, when convicted, as William DeMorgan said, even when innocent.

But the chances of the innocent man's conviction will be considerably lessened when the "public defender bill" recently signed by Governor Stephens, becomes effective. The bill permits all larger municipalities in the state to create the office of "public defender" authorizing a salary of \$5000 a year for the elective office.

The bill is largely due to the success of the office of public defender in Los Angeles where public defense as well as prosecution has been provided for years.

One peculiar phase of the law is that clause which forbids the public defender from utilizing state funds in taking an appeal to higher courts after the defendant is found guilty. For this purpose the defendant must hire a private attorney.

The law is designed to prevent those in poverty from becoming the prey of so-called "shyster" lawyers, or from being compelled to accept inexperienced or indifferent services of counsel appointed by the court.

## GLENDALE BOYS ENJOY CAMP

Lads Return Home Telling of Fine Time at Pine Flats, Auspices of Y. M. C. A.

The second group of Glendale boys who enjoyed a two weeks' vacation at Camp Pine Flats under the supervision of Rex C. Kelley, local Y. M. C. A. secretary, returned home last evening.

Those in the group included Lyle McAllister, John Heideman, Meredith Brown, Riley Lyons, Fred McCormack, Ross Russell, Eugene Kelley, Dana Von Loon, Howard Richardson, Fred Fallis, Max Koen, Lawrence Nelson, Charles Andrews, Kingman Grigg, Stewart Richardson, Preston Blair, Francis Graves, Graham Tinning, Harold O'Neill, Marion Morrison, Henry Hesse, Neal Socy, Harold Comber, Fred Rand, Lyle Gosser, Craig Leitch, Paul Rand, Fred Miller, John Parker, Glenn Gardner and Franklin.

Grown-ups included in the party were Mrs. Rex C. Kelley, Mr. Gosser, Alfonso Chandler, Fred Hoffman and Herbert Wahl.

### Over Hundred in Camp

Mr. Kelley also had charge of the boys from Eagle Rock, Annandale and Burbank. Altogether there were 110 boys in the camp from all sections of Los Angeles county.

Every minute of the stay in camp was taken up with some form of amusement or entertainment. There were seven baseball leagues which competed with one another. Dana Von Loon of Glendale acted as official umpire for all of the baseball games.

Each night at the campfire stunts were put on by the different tents, there being ten tents in all. One night at the campfire a minstrel show was put on by the Y. M. C. A. leaders.

### Glendale Boys Lead

One of the last big attractions at camp was a track meet. Harold O'Neill and Lyle McAllister of Glendale scored the highest number of individual points.

A great deal of the time at camp was enjoyed by the boys by hiking. One of the popular climbs was to the divide, where they could look out onto the desert. During the camp a contest, based on a merit system, was staged, the boys having to show knowledge and proficiency of mountain lore.

Each boy who obtained 300 or more points covering the four heads of service, physical, intellectual and devotional, received a very beautiful pennant of Camp Pine Flats. There were sixty-three pennants awarded to the boys in camp.

### Treasure Hunt Exciting

A mysterious "treasure hunt" provided a great deal of merriment for the boys. They were given technical directions to leave a certain point at a given angle and from another definite location to proceed a given number of feet and from there to follow signs on trees and rocks until they came to the end of the trail. There, under a bush, they found a note saying that they should report to the kitchen. The treasure proved to be a large chocolate cake. Fred Rand and Craig Leitch of Glendale were fortunate enough to find the treasure.

The two Sundays the boys were in camp they hiked to an oak grove through which a mountain stream ran, and in this grove held church. In the afternoons, they acted out different Bible stories. The one that took the prize was the depiction of the story of the Good Samaritan, which was very cleverly portrayed.

Both in going to camp and returning, the party had to hike 13 miles from the end of the San Gabriel Canyon road to camp. Coming back they were met at the end of the road by automobiles. On the return trip there was some trouble about the baggage, which necessitated a special trip to camp by Mr. Kelley. The baggage is now in the care of C. W. Ingledue.

## A. W. Dickenson Upon Ill-Fated Steamship

A. W. Dickenson of San Francisco, a representative of a large Chicago store, who motored down with Mr. and Mrs. M. J. Brennan for the Elks' convention and has been a guest in their home, 519 North Central avenue, sailed Monday on the ill-fated "Queen." Mr. and Mrs. Brennan have been very anxious as to the welfare of their guest and are relieved to hear that the vessel is being towed to shore. Mrs. Dickenson could not come down to the convention because of the illness of her mother.

## New Church Members Will Be Welcomed

Forty-one new members were received into the Presbyterian church last Sunday morning during the communion service. A reception will be given for them at the church to-night from 8 to 10 o'clock. Mrs. James Newton will be in charge. All friends and members of the congregation will be welcomed.

## Anti-Bolshevism Now Planted in Vladivostok

By CHARLES EDWARD HOGUE  
United Press Staff Correspondent

VLADIVOSTOK—The tri-color of Russia floats over this city today and nowhere to be seen is the red emblem of communism that has been so much in evidence in the past.

The Kappelist are nominally in control of the government of the Maritime Province, although the Japanese influence is distinctly felt, and the defeated radicals have taken to the hills, or remaining, have been disarmed.

Through an arrangement with the Japanese command the Kappelists soldiers are also giving up their arms except for the 1000 militiamen provided for in the pact signed in July, 1920, with the Zemstvo, the then government. It is estimated that the Kappel troops in and around Vladivostok number nearly 10,000.

With the overthrow of the reds the conservatives under Kappel, who is doubtless working hand in glove with Semenov, have set up a new government which they describe as a "true democracy." The fact that the Kappelists are monarchists does not deter them from laying claim to the original title to everything democratic.

Almost every scheme conceivable has been tried out in the hope of restoring normal conditions here and the people are ready to take another chance any time in the belief that the future cannot be worse than the past.

The new Vladivostok government's territory is daily expanding and now extends to Spassk and Grodekovo.

That the business interests of the community are pleased with the turn that events have taken here cannot be doubted. The attitude of the business class was shown by resolutions adopted by the Chamber of Commerce, which appear to be a genuinely representative body, censuring the late local administration and declaring the overturn was due to the Communist methods of the Chita government.

What the outcome will be on this new attempt to establish stability in the Russian far east only time will tell. Promises have been made to the people before and were broken. There is the Japanese factor, which is not to be ignored and the general unrest that has come after years of war and constantly changing forms of so-called government.

## Mother and Son Are Sent Via Parcel Post

PROVO, Utah—Prepaid, tagged and properly addressed, according to regulations, Mrs. Thero Sarafi and her 13-year-old son arrived here today from Constantinople by American Railway express.

Sarafi, who came here several years ago, conceived this novel method of bringing his family, who could not speak any language but Turkish, to America, under personal attention, on the journey.

The "parcel" came through without mishap and free of duty, although held up at the customs almost a month.

It cost Sarafi approximately \$500 to express his wife and child.

In the kindergarten department there was \$15,551.40 available, warrants issued for \$15,091.92 and a balance of \$459.48 on hand. ## Loses \$422 and Looks for 'Object Lesson'

SEATTLE—Tom O'Brien certainly played in hard luck.

He had \$422 stolen from him, and got put in jail for reporting the theft. It happened this way:

O'Brien started out to get a "till drink." He made the rounds of various bootleggers' establishments. In one place he met some very congenial men, and they all drank together for a time. Then the men left. Shortly after they had gone O'Brien put his hand in his pocket and found somebody had beat him to it. His roll, consisting of \$422 was gone.

O'Brien was a strong believer in the efficiency of the police. He rushed immediately to the police station to report his loss.

The police found his story very incoherent. It was particularly hazy regarding where the theft had taken place.

After O'Brien had given what details he could, the police put him in jail on a charge of drunkenness.

It cost him \$10 the next morning when he came up before the judge. Meanwhile the nimble fingered gentlemen with the \$422 are still listed as "missing."

O'Brien thinks there is an object lesson somewhere in the affair, but thus far hasn't been able to figure out whether it is "Don't drink with strangers," or "Don't report pick-pocketing to the police."

In Italy if any one kills a robin he will suffer from epilepsy or the St. Vitus dance.

## 'Gold Days' Appear to Be Flourishing Again

SAN FRANCISCO—It is customary to think of the gold days as a chapter of ancient history along with the stone age, the dark ages and the fabled age of "normalcy."

But up in Nevada and in many parts of California, the 'gold days' appear to be flourishing in a manner to recall the days when Mark Twain brought his first piece of sparkling quartz to be assayed. A revival of the prospecting furor is chronicled with almost daily regularity in the gold field papers.

The Carson City Appeal prints an account of how one of the old mining camps is taking a new lease on life.

This from the Ely, Nev., Times: "John O. McKernan and Doc Bailey came in yesterday evening from Sping Valley claims with samples of ore that created new excitement for the district. The ore was uncovered on one of the claims of the mystery group, and contained large particles of gold."

The Tonopah Times avers: "The Culp mine is looking up with great expectations, according to Charles Fagenbuch."

Even Los Angeles has not escaped the rage, but reports: "Panning daily for gold in the Arroyo Seco. Guy W. Rollins adds an average of \$20 weekly to the world's wealth while he attends to rock crushing machinery. Gold comes right out of the gravel in the Arroyo Seco bed."

The renaissance of the gold days appear to have arrived, and with it the stories of treasure that were so frequent. And present day prospectors, it is indicated, have one thing in common with those of the gold rush. There still appears to be not enough gold to go round.

## Little Belgium Also Has Railway Trouble

BRUSSELS—Remarkable strides have been made by Belgium in the restoration of its railways.

When the Germans evacuated the country, it was found that they had destroyed 1,419 bridges and tunnels, damaged 194 stations, crippled 30 electric generating stations and 226 railway stores.

Since the armistice the Belgians have relaid 1,400 miles of railroad track and rebuilt 67 stations. Locomotives have been increased from 279 to 5,171, while the freight trains running today exceed by thirty per cent those of the pre-war figure.

At the armistice there were about 305 freight trucks on the road daily. At the beginning of this year the daily average had grown to 16,754 trucks. The Belgian state railway are today running a daily traffic of 1,800 passenger trains and about 1,950 freight trains.

Fares have gone up threefold, freight rates the same, while the railway is losing thousands of pounds every week.

## NEW ENGLAND FILM BEING FEATURED AT GLENDALE

Clean, Wholesome Life Is  
Shown Upon Screen In  
'Down Home' Picture

"Down Home" is the feature production which opened yesterday for two days at The Glendale Theatre. It is the first independent picture directed by Irvin V. Willat and was adapted from the Frank N. Westcott novel, "Dabney Todd."

It is a story of New England, and has a homely appeal—the appeal of the clean, wholesome life of the country, of one-horse chaises and modest, vine-covered cottages, of country lanes bordered with wild flowers, and country maids in gingham gowns.

The characters are as simple as their surroundings, and the story of their lives is simple, too, but strong because of that very simplicity. It is a story of youth struggling bravely for high ideals against the enemies of poverty and disappointment, of the pitiful striving of an old man to free himself from the curse of drink for the sake of the daughter who has bravely sacrificed for his sake, of the unwavering love of a lovable, clean-minded youth for the girl whom he has known since childhood.

Bright flashes of humor relieve the deeper, more serious vein of this story, and through it all are found the thousand and one homey touches that make such a strong appeal.

The cast is a notable one, and includes Leatrice Joy, Edward Hearn and Robert William Daly in the leading roles.

The latest Pathe News, with the Elks' parade views, a "Joyride in Peru" and "Verse and Worse," a better comedy with Jack Cooper galloping about, fill out the bill. Tomorrow "The Woman God Sent" is the feature.

## Know of Fred Bolte? Phone Evening News

Miss Frances E. Pouch of Brooklyn, New York, who now has rooms at 3429 Arlington avenue, Los Angeles, was in Glendale yesterday accompanied by a lady, also from Brooklyn, inquiring for the whereabouts of Fred Bolte, formerly of New York, who was reported to them as being in Glendale installing machinery in a manufacturing plant. These young people are all closely identified with the Eastern Star Order, being members of the Brooklyn chapter.

Up to the present writing, the ladies have not been able to locate Mr. Bolte in Glendale. Anyone knowing of his whereabouts, please phone The Glendale Evening News, Glendale 132.

## Mr. and Mrs. B. Brasher Have Summer Guests

Mr. and Mrs. B. V. Brasher of 1017 Melrose avenue are entertaining as their summer guests Mrs. Brasher's father and sister from Dallas, Texas, Fred Frey and Mrs. Lena Fisher. This week-end they had as their guest Harry Applonis of New Orleans. The whole party enjoyed a picnic at Ocean Park Sunday adding to their number Mr. and Mrs. Clyde Holly of Chicago. Mr. and Mrs. J. W. Lee and family and Mrs. Snuggs and her daughter. All these people are old friends of Mr. and Mrs. Brasher and the reunion was one of unusual pleasure for all.

## Mr. and Mrs. C. Keller to Arrive In Glendale

Mr. and Mrs. Charles W. Keller and daughter Lois of Omaha, Nebraska, will arrive in Glendale this afternoon for an indefinite stay with Mr. and Mrs. G. N. Armstrong of 457 Patterson street. Mr. Keller is Mrs. Armstrong's brother and is in very poor health, having just left the hospital after a dangerous illness. Mrs. Armstrong feels that a visit in Glendale will help to restore him to his usual health.

## Miss Alice Frank In Charge Art Displays

Mrs. Ella W. Richardson has named Miss Alice Frank to take charge of Glendale's art exhibit at the San Fernando Valley fair the first week in September. Miss Frank requests anyone having art treasures which they are willing to put on display to notify her by calling Glendale 747 any morning.

It is said that a branch of the I. W. W., with office files and records complete, was organized in the Northumberland, Pa., county prison. The organizer was sentenced to seven additional months in the prison for his work in connection with the affair.

The man who sells his health for wealth makes a poor bargain.
